

# Victorian Landcare Facilitator Program

The Victorian Landcare Facilitator Program funds 80 part-time Landcare facilitators, employed directly by networks, groups, and other organisations. Landcare facilitators help environmental volunteers protect, enhance and restore the environments.

## 2023 Outcomes

**80** part-time Landcare facilitator positions

**239** engagement, management, property, and strategic plans established, updated, or reviewed

**\$4.5 Million** investment by the Victorian Government

**\$8+ million** funding leveraged for groups and networks from government, corporate & philanthropic sources

**734** groups and networks supported by a Landcare facilitator

## Biodiversity 2037 Plan

Landcare facilitators coordinated and supported **1,090 community events** including training, field days and workshops

**42,541** participants acted and connected with nature.

*'I bring volunteers together to work on projects to create a larger impact, I can help them get things off the ground, getting grants, setting up bigger projects. It's very grassroots which is what I love about it.'* – Landcare Facilitator
